

How to Register a Camper for Quest Camp as an ESY Placement

Are you a point person for a school district looking to send students to Quest camp as an ESY placement? Here's a little help with how the process goes:

Is this a new or returning camper?

New

Returning

A point person from the school district emails* April Artz at aartz@jfcspgh.org to discuss the student's needs. Please include:
-Referral source (if any), the child's age, and school placement.

Your district approves Quest as an ESY placement.

The student's parent/caregiver emails* April at aartz@jfcspgh.org to schedule a time to discuss their child's needs by phone.

If the child is appropriate, an hour long screening is scheduled to take place at April's office and the parent/caregiver receives a registration code if you (the district) have approved Quest as the child's ESY placement.

*There is a screening fee.

The parent/caregiver contacts April Artz* at aartz@jfcspgh.org for the registration code.

Your district arranges transportation.

The parent/caregiver goes to <http://questcamps.com/> to register their child per your/their agreement regarding number of weeks approved.

*If you do not have access to email, you may also call April Artz at 412-877-7528. But email is preferred.
